

The Social Action Commission of our parish is continuously giving hope and nurturing the unfortunate children of our community by the Hapag-Asa Feeding Program. This program aims to feed and support the nutritional needs of those children who happens to be too thin and comes to the level of undernourishment. With this program, it helped the children to once again recover their health and hopefully to gain weight into the normal health standards.

As this program continue its mission, the ministry needs some helping hand to support and maintain its fund to help more of our unfortunate children and to reach out more of our less fortunate children in the community.

If you have the generous heart and is willing to lend your hand to support this program, you may send your donations to our Parish or you may deposit it on our checking account below

EastWest bank

account name : RCBN-The Our Father Parish

account No. : 200010590869
